Have a 94 F-150 I-6 with a E4od tranny according to the code on the door of the truck. Getting ready to change fluid and filter due to some shifting issues and was wondering if someone could tell me what fluid is suppose to be used with this transmission! Would sure hate to use the wrong fluid! Thanks in advance for any help you may offer.

They do not offer a manual valve body for it though. The shifter runs about \$280, the valve body \$250 and a complete transmission with all the upgrade parts for about \$2000. I'd like to go with a manual valvebody, but since this truck will also be used on the street I'd like OD. I'll probably just end up building up the stock E4OD.
