Air Comm provides system-specific Service Manuals for all of our air conditioner and heater systems. Please contact us for more information. Eurocopter has the most diverse and versatile helicopter range in the world for Civil and Parapublic customers. The range comprises of three exceptional light twin engine helicopters with proven reliability and performance like no other helicopter in their class. A helicopter is a type of rotorcraft in which lift and thrust are supplied by rotors. This allows the helicopter to take off and land vertically, to hover, and to fly forward, backward, and laterally. These attributes allow helicopters to be used in congested or isolated areas where fixed-wing aircraft and many forms of VTOL (Vertical TakeOff and Landing) aircraft cannot perform.
