Woo! Jr. Kids Activities has just published another activity book for kids: Alphabet Dot to Dot! Now that it's getting to be the back to school season, our other books are gaining steam and selling well, so we're super-excited to add to our library of titles! CertifiKID features exclusive Things to Do in with Kids for families at incredible savings. We offer deals and coupons for the best of what Washington, DC has to offer - independent family photographers, popular restaurants, camps, classes, activities and SO MUCH MORE! When I have my students color these on the first day of school, we talk about power coloring (which I also got from Katie)! Sometimes students have the tendency to draw really lightly with colored pencils, which looks nice up close, but from far away it can be hard to see! #look at my cute friend #she's so pretty #she won cutest girl in camp 2 years in a row #me #coloring pages #You see those weird shapes? I bought a book on 'ornament arabe' in France and I've been translating it haha send help #so thats kinda what they're influenced by
