CNC Schools: Schools With CNC Courses Learn CNC in your own area! Note: CNC Concepts, Inc. is not affiliated with any of the schools on this list. Don't think this is an absolute. I believe it depends on the way the machine was built . I would want the gauge side of the tool blocks /turret slots to be in the thrust direction and as such varies with lathe makers. Precision machining, welded fabrication, and assemblies: Advance Mfg. Co., Inc. has been serving the global power generation, aerospace, semi-conductors, and military industries for over 50 years.
