

Download Mindfulness In Social Psychology

Current Issues In Social Psychology

Scientific interest in mindfulness has expanded in recent years, but it has typically been approached from a clinical perspective. This volume brings recent mindfulness research to classic social psychology topics such as romantic relationships, prejudice, prosocial behavior, achievement, and self-control. Current Issues in Social Psychology. The series is useful reading for students, academics, and researchers of social psychology and related disciplines. Example topics include: self-esteem, mindfulness, evolutionary social psychology, minority groups, social neuroscience, cyberbullying and social stigma.
