I have an opel astra convertible bertone edition, the roof was open and when I tried to close it with the electronic switch on the dashboard it almost closed and suddenly stopped 7 inches away from closing, there was no bangs or noise or burning smells, just stopped working and when you try the electronic switch of the dash it just beeps at you for about 7 seconds and nothing happens. I need a timing marks for an Astra 1.6. Reply 1: Here is a diagram I found. Check out the diagrams Below.
