Name - Question - 1903 Springfield 1903, 1903A3 stock, cross pins, not cross bolts Remington stock FJA in a rectangle inspector mark stock. Just directly ahead of the front receiver bolt is stamped into the stock (6) small stamps about 3/16 in diameter, numbers enclosed by circles and squares. 13 & 14 with circles and 1 & 12 in circles. 2 other are in circles, looks like another 14 and 16.1 The U.S. Rifle, caliber .30, M1917 ©2003 By Dick Culver he U.S. Rifle, caliber .30 M1917 (often called the Enfield or -17) is one of the most PGeschichte, Einsatz. Mit dem Eintritt in den Ersten Weltkrieg stieg der Bedarf der US-Streitkräfte an Waffen. Es konnten nicht genug Springfield M1903 hergestellt werden und so wurde das System des für die britischen Streitkräfte in den USA produzierten Pattern 1914 Rifle im Kaliber .303 British übernommen. Hergestellt wurde es im US-Kaliber .30-06, dazu musste das Magazingehäuse an die ...WW2 US Army Friction Tape Dated June 23, 1942. Stock No. 17-5-865. This is a must for use in all WW2 Demotion kits, Signal Corps Kits and requisitioned by all GI's so that they could put over the muzzle of the their M1 Garands, M1 Carbines, Thompsons, Grease Guns, Browning Auto Rifles and Browning Machineguns to keep mud, snow, etc out of the bores.
