

# Download Wilderness First Aid Manual

ECSI offers comprehensive CPR/AED and Wilderness First Aid resources that meet BSA training requirements and are designed to fully support BSA staff members and provide scouts with the tools needed to gain the knowledge and skills required to save lives. Wilderness Survival merit badge requirements : Do the following: a. Explain to your counselor the hazards you are most likely to encounter while participating in wilderness survival activities, and what you should do to anticipate, help prevent, mitigate, or lessen these hazards. First aid is the first and immediate assistance given to any person suffering a serious illness or injury, with care provided to preserve life, prevent the condition from worsening, or to promote recovery. It includes initial intervention in a serious condition prior to professional medical help being available, such as performing cardiopulmonary resuscitation (CPR) while awaiting for an ...A first aid kit is a collection of supplies and equipment that is used to give medical treatment. There is a wide variation in the contents of first aid kits based on the knowledge and experience of those putting it together, the differing first aid requirements of the area where it may be used and variations in legislation or regulation in a given area.
