He receives cooking suggestions from other Australian animals, such as a platypus, an emu, a blue tongue lizard, an echidna and a koala, who all try to outwit the dingo to save the poor wombat.Summary: Wily, wild Dingo dog catches a poor, woebegone Wombat and decides to make Wombat stew. But the other animals try to save Wombat by insisting that the stew will not be complete without blops of mud (says Platypus), feathers (says Emu), flies (suggests lizard), ``slugs and bugs and creepy crawlies" (says Echidna), and gumnuts (says Koala).The wombat's friends want to save him so they help the dingo make the stew with some very yucky ingredients. The dingo's soup is not quite how he intended. The text is relatively short and uncomplicated, written with a certain rhythm.
